

# Print That Strengthens Every Ministry Connection

Support connection cards, giving programs, and volunteer coordination with consistent printed materials that welcome visitors and strengthen every ministry event.

## Connection & Community

Connection cards give first-time visitors an easy way to share their information and take a next step, whether that's joining a small group or requesting a follow-up call. A simple printed card often does more to welcome a newcomer than an announcement from the stage.

**Connection cards and welcome brochures: the first tangible touchpoint for every visitor.**

## Giving & Stewardship

Giving is a conversation, not a single ask. Printed donation cards, pledge materials, and stewardship letters give members a tangible way to commit and follow through, reinforcing the trust that giving requires.

**Donation cards, pledge cards, and stationery: consistent materials that support giving throughout the year.**

## Events & Volunteer Coordination

From holiday services to volunteer training, church calendars are full of moments that need printed support: programs, tickets, and sign-up materials that keep events organized and volunteers informed well before the day arrives.

**Programs, tickets, and volunteer guides: printed materials that keep every event and every team organized.**

## Community Insight

Print strengthens relationships by creating tangible moments of connection before, during, and after every ministry event. A printed program or connection card often becomes something a visitor keeps, unlike an announcement they hear once and forget.

**Premium Finish Spotlight:** Soft-touch laminate on event invitations and stationery gives milestone services, such as baptisms or building dedications, the same care given to any other important occasion.

**Print on Demand:** Order on demand in low quantities and personalize connection cards, programs, and giving envelopes by campus or ministry through a self-service ordering portal.

## Every Event Is a Chance to Connect

Printed materials carry a ministry's tone into homes long after a service ends: a program left on a kitchen table, a connection card filled out during announcements, a donation envelope that arrives the same week as a message on generosity.

*Every visitor and volunteer is an opportunity to reinforce a welcoming, well-organized ministry.*
